Why are you interested in serving on this committee?	I am deeply interested in my local community and ensuring their needs are addressed alongside the needs of local business. Additionally, as a sailing enthusiast, I would like to ensure the waterfront and our harbors remain safe and usable.
What skills, experience and/or knowledge would you bring to this committee?	As a cross functional director of a telecommunications company, I bring to bear a significant amount of experience bringing competing interests to the table and ensuring all sides of an argument are appropriately addressed before decisions are made that have a huge impact on local communities, local businesses, and our own business interests. I am also a sailing enthusiast, commute by ferry, and live in close proximity to the ferry building.
Why is the marina important to the City?	With a rapidly increasing ridership of the Vallejo Ferry, it is important that our local waterways remain safe and usable for commuters, business, and recreational use.
